

About

Our network brings together a diverse group of professionals, involved in the organisation and development of sport and physical activity, coming from over 120 Universities, Colleges and sport organisations around Europe.

Through our activities and projects, we facilitate cross-border collaboration, exchange of knowledge, sharing of experience and enable the building of new partnerships within the sector. Although each institution and each country is organised differently, we share our main goal;

To promote and develop healthy and active lifestyles for all students and staff in higher education institutions.

ENAS also works in close partnership with a wide range of public and private leading sport organisations to externally increase the value and recognition of student sport, including the European institutions, national and international federations, government agencies, international authorities, regulators, leagues, clubs and the wider sports sector.

Join the ENAS network and take sport and physical activity to the next level in your institution.

How to join!

3 steps:

- 1 Go to www.enas-sport.net/members-application-form/
- 2 Fill out our online application
- 3 Wait for activation (within 7 days)
